

## TigerTel Communications Inc. Proud Recipient of Tom Ryan Award

“The Tom Ryan Award for Ethics, Integrity and Quality Above All was created by the Ryan family in 2001 in memory of Tom Ryan. Its purpose is to recognize industry leaders in the answering service and contact management industry whose companies are founded on principles of quality service delivery, ethical business practices, commitment to a progressive working environment, and on contribution to the business and industry communities.

This award is judged by a panel of business and community leaders who were personal friends and business associates of Tom's and who understood the values and principles on which Tom conducted his business affairs. Each application is scored independently via a weighted scoring process, with the award being presented only when all criteria are met. The selected company will be presented the award at the CAMX annual convention.”

TigerTel had a very special evening at the most recent CAM-X Convention. Our company was honoured by the association as this year's recipient of the coveted Tom Ryan Award. By all accounts, this is considered to be our industries most prestigious award.

### **You are all to be congratulated!**

This award is proof positive that our people are our most valuable asset. I am honoured and very proud to lead this organization.

Thank you for being the team that we are.

With appreciation,

Doug Swift  
President & CEO
